**COMMENDATIONS FOR
SERVICES TO EDUCATION
- 2023 HONOURS LIST**

As part of the #ABE50 celebrations, we have awarded prestigious Commendations for Services to Education to those who go above and beyond to embody the values of the ABE way.

The recipients of the Commendation are deserving individuals who have made a difference to the lives of others through the advancement of education in the fields of business and enterprise. The Commendations have been awarded to those nominated by senior ABE stakeholders in their country as well as students and colleagues. They are a way to acknowledge the exceptional work done by ABE tutors, teachers, staff and heads, as well as those involved in education in another capacity, such as working to support disadvantaged young people. Once again they highlight that ABE has an exceptional community.

Below are the countries where recipients are based. Click on the country name below to go to the list of Commendations in that country or scroll down.
