

Masters Progression Agreements

ABE Masters progression agreements document

Welcome!

The credits ABE units carry are widely recognised by the academic community in the UK and many other countries. Therefore, most universities and institutes in credit-based countries recognise ABE qualifications for exemptions against similar units.

This document lists institutes which have confirmed clear progression routes for ABE qualification holders - bear in mind this is not a definitive list of all the university progression options that are available to you.

This document lists confirmed progression routes onto Masters level qualifications.

Please note, university programmes may change and this can invalidate a progression route if the content of the new programme is no longer similar to the mapped qualification.

Admission to any degree course is at the university's discretion.

Alfred Ford School of Management, Belgium
