Introduction

ABE is a British exam board which has been at the forefront of developing business education since we were founded in 1973. We have a strong international focus and, as a not-for-profit, our mission is to empower people to transform their lives and communities through gaining high-quality business, leadership and entrepreneurial skills.

Our qualifications are designed to give you the best chance of achieving your full potential in your chosen career. There is a world of opportunity waiting for you, and ABE is here to help you develop the skills and self-belief to seize that opportunity and succeed.

ABE is regulated in the United Kingdom by Ofqual and it is recognised by similar regulatory authorities in many other countries.

In 2023 ABE became an independent subsidiary of The Institute of Leadership, a charity and membership organisation founded in 1947 dedicated to unlocking leadership potential.

We are proud to say that ABE qualifications develop the most dynamic and up-to-date skill set on the market. ABE offers Ofqual-regulated programmes in Business Management, Human Resources, Entrepreneurship, Leadership and Marketing up to Level 6 (Bachelors degree level).

Our qualifications are suitable for school leavers, working professionals, senior managers, aspiring entrepreneurs and those seeking progression to higher academic levels.

Whatever your ambitions, our qualifications will help you achieve your goals.

University progression

A young woman with dark hair pulled back, wearing a dark blue graduation gown, is smiling broadly and holding a dark blue diploma folder. The background is a soft-focus green, suggesting an outdoor setting with foliage.

This document lists the universities which have formally confirmed progression routes. However, the credits ABE qualification carry are widely recognised by the academic community in the UK and many other countries. Therefore, universities and institutes which are not listed, may offer exemptions against similar units.

We have an exclusive partnership with the University of Hertfordshire (UH) - one of the UK's leading business-focused universities and a recognised innovator in higher education.

On successful completion of an ABE Level 5 or Level 6 Diploma, you can progress directly onto the BA (Hons) Business Administration (Top-Up) degree at UH.

This is an online degree programme, delivered and awarded by the University of Hertfordshire and supported through ABE and ABE-accredited centres. It offers a fast, flexible, and affordable route to earning a UK university degree, allowing you to balance your studies with work and other commitments.

This opportunity is exclusive to ABE learners and typically follows three clear steps:

- 1 ABE L4 Diploma (120 credits)**
Equivalent to 1st yr Bachelors
- 2 ABE L5 Diploma (120 credits)**
Equivalent to 2nd yr Bachelors
- 3 BA (Hons) Business Administration (top-up)
from The University of Hertfordshire**

Please note, Malaysia, Nairobi, Singapore, and Trinidad & Tobago, are not included in this offer as the University operates directly through delivery partners in these regions.

For full details of our exclusive partnership with the University of Hertfordshire (UH), use the QR code or [click here](#).

We have official progression agreements with universities around the world, giving you a faster and more affordable route to complete a Bachelors or Masters degree, including options such as an MBA.

With a Level 5 ABE qualification, you can typically enter the second or final year of a Bachelors degree, depending on the university and course.

With a Level 6 qualification, you can go on to the final year of a Bachelors degree, and in some cases even progress directly into a Master's degree such as an MBA. This helps you save both time and money on your journey to graduation.

ABE Level 5 & 6 Diploma in Business Management

Ubiquity University has developed a BA Capstone Completion programme designed to complement ABE Level 5 & 6 Diplomas.

Ubiquity offers low tuition fees and accepts all the course credits from ABE diplomas and then “completes” these courses with its BA degree programme. They also offer MBA, EMBA, and MSC degrees for those students interested.

Ubiquity is seeking to provide the Liberal Arts core competencies that you need to successfully navigate a world of increasing complexity. It is important that you have vocational training. This provides you with professional competencies. It is equally important that you learn leadership, critical thinking, innovation, creativity, and entrepreneurship. This provides you with skills that will enhance your perspective and give added meaning to your life.

Ubiquity provides learners with “dual qualifications” in which learners receive their ABE diploma and also receive a BA degree from Ubiquity for the online courses they take.

Ubiquity honours and accepts all the courses that learners are taking at ABE centres so the BA is in effect a completion degree, enabling you to receive both your ABE diploma and a BA degree.

Learners studying in person at local centres can work on their Ubiquity online courses in two ways: either simultaneously or sequentially. You can take the Ubiquity online courses while you are completing your studies at your local centres, or you can wait until you’ve finished your ABE course and take the BA Capstone Completion courses as ABE alumni. Learners can apply directly to Ubiquity but if you apply through your centre then your centre will receive a contribution from Ubiquity. It’s worth asking your centre to get in touch with Ubiquity.
