

ABE will make every effort to check candidates' identities against the information given, and to provide a replacement certificate. ABE reserves the right not to issue a replacement certificate. ABE will refund the replacement certificate fee if this is the case. Any fee would be refunded as a credit to the candidate's ABE account.

Replacement certificates will be labelled as such.

Award certificates are sent separately to successful candidates three months after the examination results are published. Candidates should allow three months from the release of results to receive their award certificate. ABE will not issue a replacement until these three months have expired.

The cost and when the charge will apply

There is a £60 fee applicable per replacement certificate.

1. No fee will be charged for certificates damaged in transit. To qualify, candidates must inform ABE within six months of the release of results. Candidates who do not receive their award certificate and who fail to inform ABE of non-receipt within six months will have to request a replacement certificate and pay the replacement fee of £60.
2. No fee is charged for certificates where ABE is responsible for a spelling error. However, a charge of £60 would be made for a replacement certificate if the candidate has failed to advise ABE that their registered name is spelled incorrectly, after the six month period has elapsed. In this case, candidates must return the original incorrectly spelled certificate/s, or a replacement certificate will not be issued.
3. A replacement certificate will not be issued if you have changed your name.
4. Candidates requesting certificates from a previous session, in which they owe fees to ABE, will be required to clear the outstanding amount at that particular time as well as pay the replacement certificate fee.
